## NOTICE

Information about: Arogya Setu App- General Measures to enhance body's natural defence system

This is to inform you that Arogya Setu App has been developed to fight against COVID-19. This app is helpful for students, employees(teaching and non-teaching) and their family members. Therefore BITT Group of Institute recommends its students, employees(teaching and non-teaching) and their family members to use Arogya Setu mobile app to bolster the efforts to fight against COVID-19 pandemic across the globe and entrust the organizational heads with ensuring its 100% coverage.

The app uses Bluetooth & GPS tracking to provide information. When two mobile phones come within the range of the each other's Bluetooth, GPS location & digital details of the counterpart are stored locally. If one phone user tests COVID-19 positive, all his details are cross-referenced with those that he came into close proximity with.

This application allows the user to self-assess their symptoms, and the application compartmentalizes them into different groups based on their COVID-19 risk.

This app can be downloaded from:
